

Talc 2017 Global Market Expected To Grow At CAGR 4.4% And Forecast To 2022

Wiseguyreports.Com Added New Market Research Report On -"Global Talc Market 2017 Manufacturers Analysis, Opportunities And Growth Forecast To 2022".

PUNE, INDIA, March 21, 2017 /
EINPresswire.com/ -- [Global Talc Market](#)

Talc is a soft mineral, which is chemically composed of magnesium, silica, and water. The chemical composition for talc is hydrated magnesium silicate. The chemical formula usually remains close to this generalized composition but sometimes there are variations in the structure due to the substitution of magnesium by other elements.

The analysts forecast the global talc market to grow at a CAGR of 4.4% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global talc market for 2017-2021. To calculate the market size, the report considers the revenue generated from the sales of talc.

The market is divided into the following segments based on geography:

- APAC
- Europe
- North America

- ROW

The Global talc Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Golcha Minerals
- Imerys
- IMI Fabi
- Mondo Minerals
- Nippon Talc

Other prominent vendors

- American Talc Company
- Guangxi Guilin Longsheng Huamei Talc Development
- Haichen Minchem
- Hayashi-Kasei
- Jai Group
- Liaoning AIHAI Talc
- Minerals Technologies
- Shandong Pingdu Talc Mine Industrial

Market driver

- Increase in demand from plastics industry
- For a full, detailed list, view our report

Market challenge

- Stringent regulations and adverse effects on health and environment
- For a full, detailed list, view our report

Market trend

- Inorganic expansion and increase in mergers and acquisitions
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?

- What are the strengths and weaknesses of the key vendors?

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

Key market highlights

Overview

PART 05: Market landscape

Market overview

Global talc market

Global customer base concentration

Five forces analysis

PART 06: Market segmentation by deposit type

Global talc market by deposit type

Global talc market by deposit type

Global talc market by talc carbonate

Global talc market by talc chlorite

Global talc market by other deposit types

PART 07: Market segmentation by end-user

Global talc market by end-user

Global talc market by end-user

Global talc market for plastics and rubber industry

Global talc market for paper and pulp industry

Global talc market for ceramics industry

Global talc market for paints and coatings industry

Global talc market for personal care industry

Global talc market for agriculture and food industry

Global talc market for other industries

PART 08: Geographical segmentation

Global talc market by geography

Global talc market by geography

Talc market in APAC

Talc market in Europe

Talc market in North America

Talc market in ROW

PART 09: Key leading countries

PART 10: Market drivers

Increase in demand from plastics industry

Rise in number of end-users

Rapid expansion in APAC and emerging markets

PART 11: Impact of drivers

PART 12: Market challenges

Stringent regulations and adverse effects on health and environment

Decline in use of talc in paper and pulp industry

Introduction of new substitutes

PART 13: Impact of drivers and challenges

PART 14: Market trends

Inorganic expansion and increase in mergers and acquisitions

Rising popularity of micronized and other superfine-grade talc products

Increased focus on R&D

PART 15: Vendor landscape

Competitive scenario

Key market vendors

Other prominent vendors

Golcha Minerals (Golcha Group)

Imerys

IMI Fabi

Mondo Minerals
Nippon Talc
