

Gynecological Devices Market 2017 - Global Industry Analysis, Size, Share, Growth, Trends and Forecast by 2022

WiseGuyReports.com adds "Gynecological Devices Market 2017 Global Analysis, Growth, Opportunities Research Report Forecasting to 2022" reports to its database.

PUNE, INDIA, September 12, 2017
/EINPresswire.com/ -- [Gynecological Devices Market](#):

Executive Summary

Gynecological devices are extensively used in hospitals, clinics/ASCs, research institutes and diagnostic labs for surgical and examination purposes. These devices are available with coated and uncoated stainless steel options and are designed to deliver physicians with greater efficiency and their patients with maximum comfort. Gynecological devices have a wide range of applications in end users such as hospitals, clinics/ASCs, research institutes and in other segments. The global market for gynecological devices was estimated to be \$10.86 billion in 2015 and is projected to escalate to \$15.46 billion by 2022.

Gynecological Devices Market

The Gynecological Devices Market has been extensively studied based on several differentiating parameters to provide a comprehensive overview. The market has been segmented based on following parameters: Endoscope Types, Devices, End Users and Geography. Each of these categories have been further segregated into specific sub-divisions to consider the dynamics associated within the industry. Based on the type, laparoscopies are pre-dominant choice in 2015 followed by hysteroscopy and colposcopies. The End-users considered in the report includes hospitals, clinics/ASCs, research institutes and diagnostics lab.

In 2015, the market share for laparoscopies was 39% and is projected to grow at a CAGR of 4.33% during 2016 - 2022. The main driving factor for the market is attributed to the growing demand for medical and women health applications. The notable fact surfaced during the study includes lack of adequate infrastructure for prenatal care in developing countries. This section of gynecological devices has impacted the global players considerably in recent years.
