

3D Technology Market 2017 Global Trends, Market Share, Growth Market Forecast 2022

PUNE, MAHARASHTRA, INDIA, October 10, 2017 /EINPresswire.com/ --

Summary

According to the database and research of QYR Technology Industry Research Center, the global 3D technology markets has a total value of 70989 M USD back in 2011, and increased to 130746 M USD in 2015.

We made a series of functional calculation and deduced the past 5 year's data with scientific model.

Finally, we made the prediction that the value of 3D technology markets can be 193542 M USD by 2022. The CRA of 3D technology is 17.28% from 2016 to 2021.

The report provides a basic overview of the 3D technology industry including definitions, classifications, applications and supply chain structure.

Then, the report focuses on global major leading industry players with information such as company profiles, product picture and specifications, revenue and contact information. What's more, the 3D technology industry development trends are analyzed.

This report studies 3D technology focuses on top manufacturers in global market revenue and growth rate for each manufacturer, covering

Stratasys
3D Systems
Renishaw
Arcam Group
ExOne
Optomec

Global 3D Technology Market

SLM Solutions
EnvisionTEC
LG Electronics
Samsung Electronics
Sharp Corporation
HannStar Display Corporation
Panasonic Corporation
Sony Corporation
Nikon Corporation
GoPro
Samsung Electronics
Canon Inc
Google
Microsoft
Oracle
Auto Desk
Adobe Systems

Market Segment by Regions, this report splits Global into several key Regions, with consumption, revenue, market share and growth rate of 3D technology in these regions, from 2012 to 2022 (forecast), like

USA
Europe
Japan
China
Southeast Asia

Split by Product Types, with production, revenue, price, market share and growth rate of each type, can be divided into

3D Printing
3D Display
3D Camera
3D Software
Others

Split by applications, this report focuses on consumption, market share and growth rate of Reed Switch Device in each application, can be divided into

3D Printing Industry
Entertainment
Healthcare

Others

Finally, the overall research conclusions are offered.

In a word, the report provides major statistics on the state of the industry and is a valuable source of guidance and direction for companies and individuals interested in the market.
