

Latest confirmed attendees include Premier Oil and BP | Oil and Gas Cyber Security, 3-4 June 2014, Oslo, Norway

SMi's 4th Oil and Gas Cyber Security conference, taking place on 3-4 June 2014 in Oslo, will feature case studies from an array of global oil and gas companies.

LONDON, NORWAY, May 30, 2014 /EINPresswire.com/ -- SMi's 4th [Oil and Gas Cyber Security](#) conference will address the most pressing cyber security issues facing the industry with case studies delivered by senior industry decision makers from Total, GDF Suez, Salalah Methanol Company, Tullow Oil, Cairn India and Saudi Aramco. In addition to plethora of oil and gas companies presenting, the conference also has confirmed

attendees from companies including Statoil, BP, Repsol, Preem, North Energy, Genel Energy and Premier Oil among others. The [two-day conference programme](#) will build on the success of the 2013 event by discussing recent efforts to bolster protection of highly valuable intellectual property and commercially sensitive information on production, exploration plans and assets through project updates, case studies, live demonstrations, technology sessions, panel debates and networking opportunities.

Key case studies include:

- Industrial Systems – Practical Security

Ewen MacDonald, Lead Instrument and Systems Engineer, Total

- How cybersecurity is transforming security

Jacques Sibue, Group CISO, GDF Suez

- If you can spot it, you can stop it – defending against new norm

Senior Representative, Tullow Oil

- The cyber security indicator

Ammar Qatan, Information Technology Manager, Salalah Methanol Company

- Securing the unsecured with eyes wide open
Gomeet Pant, Information Security Manager, Cairn India
- Industrial Control Systems Security
Bandar Mesned Al Saifi, Data Network Engineer, Saudi Aramco
