

Haypi Kingdom: The Return of The King Is Fune-tuned According to Players Feedback

Now is the time for the Beta testing of Haypi Co.'s new MMO Strategy War Game - Haypi Kingdom: The Return of The King

SHANGHAI, SHANGHAI, CHINA, July 18, 2014 /EINPresswire.com/ -- [Haypi Co., Ltd.](#) respects all users' feedback, and works hard to improve their games according to the player's suggestions. Now is the time for the Beta testing of Haypi Co.'s upcoming game. The developer Haypi allows their fans to participate in the testing of their new MMO Strategy War Game - Haypi Kingdom: The Return of The King. All Beta clients are invited to speak out their opinion about Haypi's new product.

Haypi Kingdom: The Return of The King is a brother series of Haypi Kingdom – Haypi's very first MMO hit from 2010. This new iOS game takes the players to a world of diversified PVE enemies, various activities, customizable city development, interesting PVP challenges, intensified player interaction and much more. Players are able to contribute to improving and fine-tuning the game through participation in the Beta Test. All suggestions are welcome to be voiced out.

Several updates of Haypi Kingdom: The Return of The King [Beta version](#) have already been released. With every new update, the game becomes much more exciting.

Previous updates included general optimizations and display improvements of Haypi Kingdom: The Return of The King Beta version. What's more, the last couple of updates even include specific changes, tailored according to player's feedback.

The 0.9.8 Beta client update is has significantly improved the gameplay. Except for the general optimizations, there have been improvements on the display of the tournament, world map, equipment process page, alliance members page. The 0.9.9 beta client update brings about more improvements, too. This is the newest update for this Beta Test, and it is compulsory. Old clients would crash while accessing Activities.

The 0.9.9 beta client update makes it much smoother for players to put equipment onto heroes in Tavern, to check the resource list in Town Hall, etc. With this update, players will be able to see the reminding red numbers over the Edit button in Heroes Details whenever they encounter allocable attributes/skills points.

Haypi is grateful to all fans of their games. It is amazing that players are that eager to participate in the Beta Testing of Haypi's upcoming MMO.

All participants are welcome to [share views](#) about their experience with the Beta version of Haypi Kingdom: The Return of The King. They can publicly disclose information, take screenshots, capture video, etc. What's important is that players enjoy Haypi's new exciting game!
