

# TraceGains Software to be Featured at Food Evolution Summit

DENVER, COLORADO, UNITED STATES, September 9, 2016 /EINPresswire.com/ -- TraceGains, the leading Food Safety and Quality Assurance (FSQA) software solution for food and consumer packaged goods (CPG) companies, will be featured at the 9th Annual [Food Evolution Summit](#) in Indian Wells, California on September 13. TraceGains CEO Gary Nowacki will be the featured speaker for a session on how to “Data Mine Your Suppliers to Accelerate Produce Development.” The Food Evolution Summit is a two-day conference to be held September 13-14 at the Hyatt Regency Indian Wells Resort & Spa.

“I am honored to be a speaker at the Food Evolution Summit because it’s a venue that fosters greater collaboration in the food and beverage industry,” said TraceGains CEO Gary Nowacki. “My presentation will use three case studies to demonstrate how forward thinking food companies are leveraging existing data from disparate systems to manage ingredient risk, source new ingredients and validate suppliers, manage existing suppliers and ingredients, and bring products to market faster.”

The 9th Annual Food Evolution Summit features the ideal peer-to-peer

networking environment for Top Level Executives in New Product Development, Research and Development, Innovation, and many other related fields within the food industry. Speakers are thought leaders from the world's leading food manufacturers, discussing the key issues affecting the current and future growth of your business.
