Summer is nearly upon and Splash and Relax provide the perfect online outlet for your summer needs. Splash and Relax provide a wide range of products to suit home, garden and leisure activities. The company can offer people swimming pools to hot tubs to general garden products, and all at great prices.

Some products amount to a higher value and Splash and Relax recognises that this can be difficult for people to spend money outright. The option is available on all products valued between £500 and £15,000 and is subject to a credit check. Currently, the company are working with their partner Clode Retail Finance who has over 40 years experience in providing finance in the retail industry. With this in mind, Splash and Relax have the ability and expertise to tailor individual finance products to suit any particular purchase requirements.

Right now, a low cost finance option is available for loan periods from one to five years, giving customers an acceptable amount of time to make repayments. The rate is very competitive at 14.9% and a deposit of 25% normally applies. Splash and Relax are helping you enjoy products such as luxury hot tubs, Zodiac swimming pools, infrared spas and much more.

A new range of buyer's guides have also been introduced, targeting summer products which the company anticipate to be in high demand. Customers can use these guides to help them decide what product suits their budget, the size and space they have in their homes, the style they need and much more. The guide's also offer customers and insight into what products are best selling on the website with the latest trends on what people are buying.
