

Synnovations Investments to use CFG's new Three Round Funding Program

Will start raising capital in the 1st Round on Monday, July 20th

GILBERT, ARIZONA, USA, July 14, 2015 /EINPresswire.com/ -- Capital Formation Group's President Carlos Harden said today, "I'm very proud to announce that one of our clients, Synnovation Investments, LLC, will be the first to use our new 3 Round Funding program. They will start raising capital in the 1st Round on Monday, July 20th. This new program's 1st Round combines subscription of Non-Securities interests in their firm with subscriptions by immigrants using the Immigration Department's EB-5 Immigrant Investor program. We believe this should generate the \$1,000,000 in seed money rapidly. We then, through 2 rounds of Securities Offerings, expect them to rapidly raise a total of at least \$10,000,000!"

Synnovation Investments is a Real Estate Investment group. They will both be Private Lenders and Direct Investors. They will primarily be buy and holders on their own acquisitions, while flipping the mortgages they make – while keeping a portion of the interest on each mortgage they flip! They have senior financing available, at excellent rates, for Commercial Residential projects (especially new construction), Hospitals and Assisted Living complexes. Great things are expected of them – starting with the recovery of their Subscriber's entry cost PLUS 10% a year (minimum return 150% if in 5 years or less) as their exit strategy.

In terms of their own acquisitions, the emphasis will be on NPNs (Non Performing Notes) and new construction commercial residential projects. In both of those niches the targeted returns will be a minimum of 50% profit per year over a 5 year window.
