

4SC AG Product Pipeline market Review -2016

4SC AG Product Pipeline Market Review, H2 2016

PUNE, INDIA, August 30, 2016
/EINPresswire.com/ -- Summary

'[4SC AG](#) - Product Pipeline Review - 2016', provides an overview of the 4SC AG's pharmaceutical research and development focus.

The report provides comprehensive information on the therapeutics under development by 4SC AG, complete with analysis by stage of development, drug target, mechanism of action (MoA), route of administration (RoA) and molecule type. The report also covers the descriptive pharmacological action of the therapeutics, its complete research and development history and the dormant and discontinued projects.

Complete report details @ <https://www.wiseguyreports.com/reports/619236-4sc-ag-product-pipeline-review-2016>

Report features investigational drugs from across globe covering over 20 therapy areas and nearly 3,000 indications. The report is built using data and information sourced from proprietary databases, company/university websites, clinical trial registries, conferences, SEC filings, investor presentations and featured press releases from company/university sites and industry-specific third party sources. Drug profiles featured in the report undergoes periodic review following a stringent set of processes to ensure that all the profiles are updated with the latest set of information. Additionally, various dynamic tracking processes ensure that the most recent developments are captured on a real time basis.

The report helps in identifying and tracking emerging players in the market and their portfolios, enhances decision making capabilities and helps to create effective counter strategies to gain competitive advantage.

Scope

- The report provides a snapshot of the pipeline therapeutic landscape of 4SC AG

- The report provides overview of 4SC AG including its business description, key facts, and locations and subsidiaries
- The report features descriptive drug profiles for the pipeline products which includes, product description, descriptive MoA, R&D brief, licensing and collaboration details & other developmental activities
- The report covers pipeline products based on various stages of development ranging from pre-registration till discovery and undisclosed stages
- The report assesses 4SC AG's pipeline therapeutics based on drug target, mechanism of action (MoA), route of administration (RoA) and molecule type
- The report features 4SC AG's out-licensed and partnered product portfolio and summarizes its dormant and discontinued projects
