

Global Metal Coated Fiber Likely to Experience Double Digit Growth Rate Over the Next Five Years (2016-2021)

Extensive Market Research Report from Stratview Research includes Trends, Forecasts, Competitive Analysis and Strategic Growth Opportunities.

DETROIT, MI, USA, October 14, 2016 /EINPresswire.com/ -- Stratview

Research announces the addition of a new market research report on [Global Metal Coated Fiber Market](#) by Material Type (Nickel, Copper, Aluminum, and Others), by Application Type (EMI Shielding, LSP/ESD, and Others),by Form of Use (Adhesive Tape, Surface Film, and Conductive Prepreg), by Plating Type (Electroless Plating, Electroplating, and Others), by Sales Channel (Direct Sales and Distributors), and by Region (North America, Europe, Asia-Pacific, and Rest of the World), Trend, Forecast, Competitive Analysis, and Growth Opportunity: 2016-2021.

This market report from Stratview Research studies the global metal coated fiber market over the period 2010 to 2021. The research report provides detailed insights on the market dynamics to enable informed business decision making and growth strategy formulation based on the opportunities present in the market.

The Global Metal Coated Fiber Market: Highlights

Stratview Research foresees a robust double-digit growth opportunity in the global metal coated fiber market in the next five years (2016 – 2021), which offers an opportunity to the materials industry players to align themselves with the market growth.

The author stated that Nickel coated and copper – nickel coated fiber type will continue to dominate the metal coated fibers market in the next five years. EMI Shielding applications will continue to drive the metal coated fiber market during the forecast period.

North America is expected to remain the largest market for the metal coated fiber in the next five years.

The key metal coated fiber manufacturers are Technical Fibre Products, Hollingsworth & Vose Company, and IVG Fibers.

New product development, collaboration with customers, and long term contacts are the key strategies adopted by the key players to gain competitive edge in the market.

Report Features

This industry research report from Stratview Research provides market intelligence in the most comprehensive manner. The report structure has been kept such that it offers maximum business value. It provides critical insights on the market dynamics and will enable strategic decision making for the existing market players as well as those willing to enter the market. The following are the key features of the research report:

- Market structure: Overview, industry life cycle analysis, supply chain analysis.
- Market environment analysis: Growth drivers and constraints, Porter's five forces analysis, SWOT analysis.
- Market trend and forecast analysis.
- Market segment trend and forecast.
- Competitive landscape and dynamics: Market share, product portfolio, product launches, etc.
- Attractive market segments and associated growth opportunities.
- Emerging trends.
- Strategic growth opportunities for the existing and new players.
- Key success factors.

Stratview Research has a number of high value market reports in the global advanced materials industry. Please refer to the following link to browse through our reports:

About Stratview Research

Stratview Research is a global market intelligence firm providing wide range of services including syndicated market reports, custom research and sourcing intelligence across industries such as Advanced Materials, Aerospace & Defense, Automotive & Mass Transportation, Consumer Goods, Construction & Equipment, Electronics and Semiconductors, Energy & Utility, Healthcare & Life Sciences and Oil & Gas.

We have a strong team of industry veterans and analysts having an extensive experience in executing custom research projects for mid-sized to Fortune 500 companies in the areas of Market Assessment, Opportunity Screening, Competitive Intelligence, Due Diligence, Target Screening, Market Entry Strategy and Voice of Customer studies.

Stratview Research is a trusted brand globally, providing high quality research and strategic insights that help companies worldwide in effective decision making.
