

# Global Biosensors Market Research, market Share, Competitor Strategy, Industry Trends and Forecast to 2022.

*Global Biosensors Market Information, by Types (Bioluminescent, Electrochemical, Opti-Electric Devices, Piezoelectric), by Application - Forecast 2016-2022*

PUNE, MAHARASHTRA, INDIA, October 19, 2016 /EINPresswire.com/ -- Key players

The Major Key Players are Abbott Point of Care Inc. (U.S.), Roche Holding AG (Switzerland), Bio-Rad Laboratories, GE Healthcare Life Sciences (U.K.), Cambridge Life Sciences Ltd., Nova Biomedical Corp."

*Market Research Future*

The prominent players in the market of Biosensors are- Abbott Point of Care Inc. (U.S.), Roche Holding AG (Switzerland), Bio-Rad Laboratories (U.S.), GE Healthcare Life Sciences (U.K.), Cambridge Life Sciences Ltd. (U.K.), Nova Biomedical Corp. (U.S.), PerkinElmer Inc. (U.S.), Siemens Healthcare (Germany), AgaMatrix Inc. (U.S.)

Market Synopsis of [Biosensors Market](#)  
Market Scenario

Biosensors are an analytical device, which is used for the

detection of an analyte, and combines a biological component with a physicochemical detector. Emerging Nanotechnology and Nano biosensors are the key driver for this market. The global bio sensor market has been valued at US \$XX billion which is growing at a CAGR of XX% and expected to reach market size of US \$XX billion by the end of forecasted period.

## Industry News

- In July 2016, GE Healthcare Life Sciences announced the acquisition of Biosafe Group SA, a supplier of integrated cell bioprocessing systems.
- In March 2016, Siemens Healthcare announced the collaboration with Universal Biosensors

## Market Segmentation

Segmentation by Types: Bioluminescent, Electrochemical, Opti-Electric Devices, Piezoelectric and Thermistor.

Segmentation by Application: Healthcare Monitoring, Environmental pollution control, Industrial processing and monitoring, Veterinary, Agricultural, Air Quality Monitoring among others.

## Study Objective of Biosensors Market

- To provide detailed analysis of the market structure along with forecast of the various segments and sub-segments of the [Global Biosensors Market](#)
- To provide insights about factors affecting the market growth
- To analyze the biosensors market based on various factors- value chain analysis, porter's five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with

respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)

- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by type, by application and sub-segments
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

Analysis also includes consumption. Import and export data for Regions North America, Europe, China, Japan, Southeast Asia, India.

Regional Analysis

North America is dominating the market of Biosensor due to the various applications areas. Existence of R&D centers and technological advancement are the key drivers for biosensor market in North America. North America biosensor market has been valued at US \$XX billion in the year 2015 and estimated to reach market size of US \$XX billion by the end of forecasted period. Asia-Pacific has emerged as fastest growing market with the market share of XX% and is estimated to reach market size of US \$XX billion by the end of forecasted period.

The market is divided into the following segments based on geography:

North America

- US
- Canada
- Mexico

Europe

- Germany
- France
- Italy
- U.K
- Rest of Europe

Asia- Pacific

- China
- India
- Japan
- Rest of Asia-Pacific

RoW

- Brazil
- Argentina
- Egypt
- South Africa Others

Reasons to Purchase this report:

From an insight perspective, this research report has focused on various levels of analyses—industry analysis (industry trends), market share analysis of top players, supply chain analysis, and company profiles, which together comprise and discuss the basic views on the competitive landscape, emerging and high-growth segments of the Global Biosensors Market. high-growth regions, and market drivers, restraints, and opportunities.

Key questions answered in this report

What will the market size be in 2022 and what will the growth rate be?

What are the key market trends?

What is driving this market?

What are the challenges to market growth?

Who are the key vendors in this market space?

What are the market opportunities and threats faced by the key vendors?

What are the strengths and weaknesses of the key vendors?

About [Market Research Future](#):

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
