Other Prominent Vendors in the market are: IFS AB (Sweden), ABB Group (Switzerland), Mintek Mobile Data Solutions (U.S.), Ramco Systems (India) among others.

Commenting on the report, an analyst from Market Research Future (MRFR)'s team said: Global EAM Market has seen tremendous opportunities in Asia-Pacific region. Growing economy of Asian countries and strong presence of manufacturing industry in China, South Korea and Japan is expected to boost the market. Aging Infrastructure and introduction of cloud EAM are some factors which is supporting the market on global scale.

#### Market Research Analysis:

Market Research Analysis shows that aging infrastructure and assets high infrastructure development

by government will drive the market in forecast period. As Technology is growing and cloud services came into picture, it is expected that on cloud EAM will eliminate the on premise in coming years. Due to the various features provided by cloud, EAM market will see subsequent growth in the upcoming years.

Key questions answered in this report

- What will the market size be in 2022 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
