

Natural Gas Pipelines Market 2017 Share, Trend, Segmentation and Forecast to 2020

Natural Gas Pipelines Market Industry Report by Key Benefits, Segments, Key Players and Forecast 2020

PUNE, INDIA, January 13, 2017
/EINPresswire.com/ -- GET SAMPLE REPORT @
<https://www.wiseguyreports.com/sample-request/866841-h2-2016-global-length-new-project-announcements> □

Summary

A 12.9% growth in length is expected in the global oil and gas transmission pipeline industry by 2020. Among regions, North America and Former Soviet Union are expected to add the highest planned pipeline length globally by 2020. The two regions are also expected to account for 53% of the total global capex spending by the end of the current decade. In these two regions, Russia and the US are the two major countries to account for most of the capital spending and the planned pipeline length additions.

Scope

- Up to date major, trunk oil and gas pipelines length data by major regions in the world, outlook of the planned pipeline length additions up to 2020
- Annual breakdown of capital expenditure spending on planned (new build) pipelines by major regions in the world for the period 2016 to 2020
- Planned pipeline length additions and capital expenditure spending by key countries and companies globally
- Planned capital expenditure spending on planned (new build) pipelines by major regions globally (by key countries and companies)
- Details of major planned pipelines globally by commodity (crude oil, natural gas, NGL and petroleum product pipelines) up to 2020

Reasons to buy

- Obtain the most up to date information available on major, trunk oil and gas pipelines across the world
- Assess your competitor's planned pipelines, proposed lengths and capital expenditure
- Identify growth segments and opportunities in the global pipeline industry
- Keep abreast of key planned pipelines across the world
- Facilitate decision making on the basis of strong planned pipeline data
- Develop business strategies with the help of specific insights about planned pipelines the world
