

Next Generation Communication Technologies Global Market 2017 Share, Trend, Segmentation and Forecast to 2022

Next Generation Communication Technologies Global 2017 Market Demand, Growth, Opportunities and analysis of Top Key Player Forecast to 2022

PUNE, INDIA , August 22, 2017
/EINPresswire.com/ -- [Global Next Generation Communication Technologies Market](#)

[Next Generation Communication technologies](#) have emerged to support high data performances, reliable and uninterrupted connections, and easy access to videos, gaming, and uninterrupted calls. With increasing globalization and need for enhanced interaction, next generation communications have great opportunity in the coming years connecting the world. These technologies help to be connected with homes, cars and numerous other components and devices such as Bluetooth. As digital platforms become a significant part and drive of economy, digital infrastructure development has become main agenda in emerging countries which will support the research, commercialization and penetration of next generation communication technologies.

End Users of these technologies include:
Telecommunication
Consumer Electronics
Military

Security and Surveillance
Enterprise Application
Automotive
Healthcare

The global next generation communication technologies market is estimated to reach \$195.6 billion by 2021, growing at a CAGR of 27.7% in a forecast period. The market for next generation communication technologies in the report has been segmented by type, by end user and by geography. Growing importance of trends such as internet of things in transportation, manufacturing, oil & gas, agriculture, energy indicates the need for developments in next generation communications. The next generation communication technologies had greatly influenced the working of a company with the help of technologies such as industrial internet of things.

Since last decade, the number of internet user across globe has been increasing consistently. This count was estimated to be 1.03 billion in 2005; in 2015 it increased to 3.19 billion. This number is projected to reach 3.42 billion users by 2016. In addition, smart phones sales peaked 1.43 billion in 2015 with growth frontiers being India and China, thus propelling demand for enhanced communication technologies. Growing internet users and wide acceptance for high speed internet encourages the service providers to develop next generation communication technologies.

Next Generation Communication Technologies Market Overview

2. Executive Summary

3. Next Generation Communication Technologies Market Landscape

3.1. Market Share Analysis

3.2. End User Profiling

3.3. Competitor Analysis

3.4. Patent Analysis

4. Next Generation Communication Technologies Market Forces

4.1. Market Drivers

4.1.1. Increasing investments in Next Generation Networks

4.1.2. Robust Demand for High Bandwidth Services

4.1.3. Emphasis on Personalized Communication Services

4.2. Market Constraints & Challenges

4.2.1. Managing Exponential Growth in Traffic

4.2.2. Saturation of Mobile Devices Demand In Developed Economies

4.2.3. Privacy & Severity Concerns of Networks

4.3. Attractiveness of the Industry

4.3.1. Power of Suppliers

- 4.3.2. Power of Customers
- 4.3.3. Threat of New entrants
- 4.3.4. Threat of Substitution
- 4.3.5. Degree of Competition
- 5. Next Generation Communication Technologies Market – Strategic Analysis
 - 5.1. Value Chain Analysis
 - 5.2. Opportunity Analysis
 - 5.3. Pricing Analysis
 - 5.4. Product/Market Life Cycle Analysis
- 6. Next Generation Communication Technologies Market- By Wireless Communication
 - 6.1. Introduction
 - 6.2. 5G
 - 6.3. 4G LTE
 - 6.4. Wimax 2.1
 - 6.5. Wi-Fi 802.11ac
 - 6.6. Bluetooth 4.2
 - 6.7. ZigBee
 - 6.8. Wireless Sensor Network
 - 6.9. Laser Communication
 - 6.10. WirelessHART
 - 6.11. ISA100.11a
- 7. Next generation communication technologies Market- By End-User
 - 7.1. Telecommunication
 - 7.2. Consumer Electronics
 - 7.3. Automotive
 - 7.4. Military
 - 7.5. Enterprise Applications
 - 7.6. Healthcare
 - 7.7. Security and Surveillance
- 8. Next Generation Communication Technologies Market- By Geography
 - 8.1. Introduction
 - 8.2. Americas
 - 8.2.1. North America
 - 8.2.2. Brazil
 - 8.2.3. Mexico
 - 8.3. Europe
 - 8.3.1. U.K.
 - 8.3.2. France
 - 8.3.3. Germany
 - 8.4. APAC
 - 8.4.1. China
 - 8.4.2. South Korea
 - 8.4.3. Japan

- 8.4.4. Australia
- 8.5. RoW
- 9. Market Entropy
 - 9.1. New Product Launches
 - 9.2. M&As, Collaborations, JVs and Partnerships
- 10. Company Profiles (Overview, Financials, SWOT Analysis, Developments, Product Portfolio)
 - 10.1. AT & T, Inc.
 - 10.2. Cisco Systems, Inc.
 - 10.3. Huawei Technologies Co., Ltd.
 - 10.4. IBM Corporation
 - 10.5. Intel Corporation
 - 10.6. Nokia Corporation
 - 10.7. NEC Corporation
 - 10.8. Netgear Inc.
 - 10.9. Qualcomm Technologies Inc.
 - 10.10. Telefonaktiebolaget LM Ericsson
 - 10.11. Verizon Communications Inc.
 - 10.12. ZTE Corporation
