

Energy Management Systems for Healthcare Sector 2017 Global Market Expected to Grow at CAGR 10.41% and Forecast to 2020

Global Energy Management Systems for Healthcare Sector 2016-2020

PUNE, INDIA, November 14, 2017
/EINPresswire.com/ --

WiseGuyReports.Com Publish a New Market Research Report On - "Energy Management Systems for Healthcare Sector 2017 Global Market Expected to Grow at CAGR 10.41% and Forecast to 2020".

The analysts forecast the [global energy management systems](#) for healthcare sector market to grow at a CAGR of 10.41% during the period 2016-2020.

EMS is a comprehensive system that combines hardware, software, and services that are installed in buildings to improve the energy efficiency and reduce the GHG. These systems have the provision of feedback on electricity consumption patterns and power consumption data for individual appliances and different areas of a building such as common areas, cafeterias, data centers, and lobby areas, allowing for better energy management and improved profitability through efficient operation. These systems perform pre-programmed functions such as maintaining the temperature and lighting in different areas in real time, according to different preferential settings that are specific to different areas.

Covered in this report

The report covers the present scenario and the growth prospects of the global energy management systems for healthcare sector 2016-2020. The revenue calculation is based on the technologies that help to monitor and control the energy consumption in the healthcare facility. The technologies that are included are lighting controls, HVAC, intelligent sensors, and energy management and control.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The report, Global Energy Management Systems for Healthcare Sector 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Eaton
- GE-Alstom Grid
- Honeywell
- Johnson Controls
- Schneider Electric

Other prominent vendors

- Veoila
- Pacific Controls
- Distech
- Futronix
- Siemens
- EnerNoc

Market driver

- Increasing need for cost reduction
- For a full, detailed list, view our report

Market challenge

- High initial costs
- For a full, detailed list, view our report

Market trend

- Increased green building constructions
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table Of Contents – Major Key Points

PART 01: Executive summary

- Highlights

PART 02: Scope of the report

- Top-vendor offerings

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

- Key market highlights

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by technology

- Global energy management systems for healthcare sector by technology in 2015
- Global energy management systems for healthcare sector by technology in 2020
- Global energy management systems for healthcare sector by technology in 2015-2020
- Global energy management systems for healthcare sector by HVAC controls in 2015-2020
- Global energy management systems for healthcare sector by lighting control in 2015-2020
- Global energy management systems for healthcare sector by intelligent sensors in 2015-2020
- Global energy management systems for healthcare sector by energy monitoring and control in 2015-2020

PART 07: Geographical segmentation

- Global energy management systems for healthcare sector by geography in 2015
- Global energy management systems for healthcare sector by geography in 2020
- Global energy management systems for healthcare sector by geography in 2015-2020
- Energy management systems for healthcare sector in Americas
- Energy management systems for healthcare sector in APAC
- Energy management systems for healthcare sector in EMEA

PART 08: Key leading countries

PART 09: Market drivers

PART 10: Impact of drivers

PART 11: Market challenges

PART 12: Impact of drivers and challenges

PART 13: Market trends

PART 14: Vendor landscape

- Other prominent vendors
