“We are very excited to host our first luncheon for small-cap Japanese companies here in Singapore. A lot of Japanese companies in this space don’t tend to roadshow very often, so this is a treat for our investor base,” said Omar Taheri, CEO of Spark Plus.

Over 80 finance professionals from hedge funds, family offices, institutional and accredited investors based in Singapore will attend the Corporate Access Day. The key management of each company to be featured at the event will meet with an investor base of hedge funds, family offices and high net worth individuals over a lunchtime seminar.

Speakers who will present at Spark Plus’s first Japan small-cap equities luncheon are:

- Mr. Sadayuki Ogihara, Director/Head of Business Planning of Actcall
- Mr. Sei Nakanishi, CEO of Property Agent
- Mr. Tomokazu Ukishiro, CEO of Vega Corporation

“This luncheon is rather timely, given the continuous bull run of the Japanese economy since 2012 and major geopolitical events occurring in our region,” said Taheri.

Spark Plus provides listed companies access to an Asian investor base, mainly in Singapore and Hong Kong, by hosting non-deal roadshows. It has an extensive database of hedge funds, family offices, mutual funds, private banks, and brokers. More information about the company is
