

Collaborate and Partner with Aspire Systems, a Leading Retail Solution Provider at NRF & REx 2019

Meet Aspire Systems at NRF Booth #2321 to understand their exclusive retail offerings

DALLAS, TEXAS, USA, January 3, 2019 /EINPresswire.com/ -- Aspire Systems, a global technology services firm, today announced its participation in National Retail Federation (NRF) 2019 and Oracle Retail Exchange Programme to be held from January 13th to January 15th, 2019 in New York, USA.

NRF, Retail's BIG Show, brings together 36,500 industry professionals, close to 4000 retail companies from 99 countries across the globe. The world's largest retail event sees 16,000 retailers and leading industry experts attending every year to discuss the success stories and learnings of the year gone by and the innovations & trends the future holds for the retail industry.

As a leading retail solution provider, we believe in providing diverse perspectives to help retailers across the globe, gain clear and valuable insights to offer experiential retail for their consumers"

Sunil Bajaj, VP & Practice Head – Retail Solutions, Aspire Systems

At NRF booth #2321, Aspire Systems will be showcasing its excellence in Retail Solutions. They offer Retail Digital Transformation with a plethora of retail solutions, covering the end-to-end retail journey starting from back-end systems and processes like Merchandising and Store Solutions to front-end, customer-facing touchpoints like Predictive Analytics and Content Personalization leading to superior Customer Experience.

A visionary and expert in the industry, Sunil Bajaj, Vice President and Practice Head – Retail Solutions, Aspire Systems, says, "The main area of focus has always been the Customer Experience (CX). 2018 was an eventful year with N number of technologies being introduced just to

offer excellent CX. In 2019, Retailers will have to completely rely on data to predict customer behavior. Smart retailers will know their customers better than customers themselves. For those who hate shopping, voice-based assistants will make even chore shopping fun and effortless. "

Meet Aspire Systems experts onsite and get impactful insights and guidance in identifying trends and issues in each step of the retail journey. A leading industry player and a platform enabler for elevated Customer Experience, Aspire Systems leverages futuristic Al-based technologies to offer a superior and personalized shopping journey for the "born digital" customers.

"With data and emerging technologies, smart retailers will achieve more footfalls than ever, both online and offline. As a leading retail solution provider, we believe in providing diverse

perspectives to help retailers across the globe, gain clear and valuable insights to offer experiential retail for their consumers" Mr. Sunil states.
