Calling Squad Cars, written in 1934, is about a police dispatcher who is jailed for allegedly helping a vicious gang of criminals. After making bail, he comes up with a daring plan involving the use of stolen radio equipment in an effort to clear his name. While Calling Squad Cars is a fictional story, L. Ron Hubbard used his own real-life experiences as a special officer in the Los Angeles Police Department, from 1947 to 1949, to create an authentic foundation for his detective fiction.
