

FBG Holdings Partners with MyHRConcierge to Offer HR Services

Adds HR Compliance Offering to Ease Burden for Clients

SANTA ANA, CALIFORNIA, UNITED STATES, April 16, 2019 /EINPresswire.com/ -- Santa Ana, California (04/16/2019) – [FBG Holdings](#), a business conglomerate serving the payroll industry, has partnered with [MyHRConcierge](#) (MyHRC) to offer HR compliance services to their numerous clients in the accounting, grocery, hospitality, retail, manufacturing and distribution industries. FBG consists of four companies: Cachet Financial Services, Payroll Tax Management (PTM), SBS Payroll and [Time Rack](#).

MyHRC, a leader in human resources compliance and administration services, gives FBG's clients a way to handle increasingly complex HR compliance issues for an affordable monthly fee. "HR challenges can be oppressive and costly to SMB owners, and take their focus away from building profitable revenue streams for their businesses," said Micheline Chabana-Justin, President of PTM, SBS and Time Rack. "Our partnership with MyHRConcierge will allow our clients to streamline the HR compliance process, and access expert support to navigate HR challenges."

"According to the National Federation of Independent Business (NFIB), 9 out of 10 top small business challenges stem from government regulation," noted Chris Cooley, MyHRC Co-Founder and Principal. "Tedious inquiries regarding employee situations and government regulations can drain business owners' time and money. Our HR compliance, COBRA Administration and state unemployment contesting services will help (FBG's) clients reduce their risk associated with workforce management and allow them to focus on taking care of their customers."

Time Rack provides an example of how the MyHRC partnership works for FBG. A provider of first-tier time and attendance software, Time Rack's software has the ability to generate payroll file bridges for any payroll software provider. Moreover, Time Rack offers a bi-directional integration for their accounting clients with Thomson Reuters Accounting CS™ Payroll software and myPay Solutions to allow automated sharing of HR payroll information between accountants and their clients.

"Our bi-directional integration with Thomson Reuters Accounting CS™ Payroll software enables tax and accounting professionals to provide better service in less time, by reducing the need for manual data entry and eliminating manual syncing of data," says Chabana-Justin. "Adding MyHRC's HR compliance services to their management process will undoubtedly save them additional time, money and resources."
