

# BIOADAPTIVES, INC. Announces new majority-owned Subsidiary, Livestock Impact, Inc

---

LAS VEGAS, NEVADA, UNITED STATES, September 18, 2019 /EINPresswire.com/ -- Bioadaptives, Inc. (OTC BB: BDPT) announced the Company's formation of Livestock Impact, Inc., a majority-owned subsidiary, created to optimize BioAdaptive's plan to become a leading distributor of nutritional wellness supplements developed specifically for the livestock industry.

Dr. Jacobs, Director and CEO said, "We are very pleased to also announce the appointment of Mr. Bruce Colclasure as President and a Director of Livestock Impact, Inc. He has an extraordinary history breeding, training, and showing across many venues of the livestock industry.

BioAdaptives is very fortunate to have Bruce on board to lead our efforts into overall livestock wellness and nutrition."

In addition to being a well-known and successful livestock nutritionist Mr. Colclasure is nationally celebrated as a leading breeder and trainer of rodeo and show horses with many national and world championships to show for his efforts. He is especially recognized for his long history with cutting horses.

Bruce Colclasure stated, "I am very excited about joining in the creation and growth of Livestock Impact, Inc., and being given the opportunity to educate livestock owners on a simple path to the winners' circle. We will be introducing a full line of natural, effective, and cost-friendly wellness supplements that will complement each livestock nutrition program. I have been working with BioAdaptives for several years with remarkable success, and I look forward to this new line of products for livestock. Imagine being able to nourish every cell in your livestock's body with supplements from the earth that are minimally processed, mostly plant-based, and naturally packed with essential nutrients and powerful antioxidants that will help livestock look, feel, and perform at their best. We are also excited to offer parallel products to promote wellness and performance in companion pets."
