Key Players Included In This Report:

AbbVie

Eisai

Cadila Healthcare

Torrent Pharmaceuticals

Amgen

Boehringer Ingelheim

Global Humira market is expected to grow at a fast pace. In 2017, the company had reported to sell \$18.427 billion worth of Humira. USA is the biggest market for Humira while Europe has the second place in terms of market size. The drug is produced by AbbVie, which is constantly carrying out research and development activities to expand the use of the drug. Humira is amongst the top runners in the field of inflammatory diseases. Due to its several benefits, the treatment is highly favored by patients and medical professionals alike.

Humira is used for many purposes including pain management, controlling inflammation and managing autoimmune diseases. The drug's generic name is adalimumab and it is prescribed by

doctors for various diseases including non-infectious uveitis. Humira treats the ailments using genetic engineering as it produces the protein through DNA technology. While Humira enjoys leadership position in the market, it faces several constraints such as regulatory requirements as well. The report provides in depth information about these external environmental factors.

Market Analysis

The global Humira market is segmented by Product Type and End-user.

The market by Product Type is further segmented into:

Humira Syringe

Humir Pen

The market by End User is segmented into:

Ankylosing Spondylitis

Rheumatoid Arthritis

Crohn's Disease

Other

This report seeks to understand Humira market by identifying its different sectors. It purports to provide detailed information about various growth drivers, pushing up the demand for the medication. The report provides estimation about current and prospective market size for the drug.

Geographical Segmentation

Humira is sold worldwide and hence it is important to segregate the global market into different geographic segments. As Humira is a therapeutic product, it is highly regulated to ensure its proper use. Such regulations may differ from country to country, making it necessary to study the market in geographic context. The report divides global Humira market into different segments which are North America, South America, Europe, Middle East & Africa and Asia Pacific. Currently, the US and Europe forms the major markets for Humira. However, its demand is expected to boom in emerging economies in Asia Pacific region as well. The report provides detailed analysis of these segments in terms of their market size and growth potential. The report also delves into various bottlenecks in these market segments.

Industry News

Global Humira market is constantly expanding and is expected to retain its high growth rate. However, it may also face stiff competition from upcoming alternative treatments for inflammatory ailments. Further, generic drugs developed by various pharma companies are also expected to have strong impact on Humira demand and revenue.
