Advanced Glass Market - 2019-2025

Market Overview

Global Advanced Glass Market is accounted for \$41.60 billion in 2016 and is expected to reach \$82.62 billion by 2023 growing at a CAGR of 10.3% during the forecast period.

Factors such as increasing urban population, strict building & automobile safety codes and rising end-use applications are favouring the market growth. However, rising raw materials cost is hampering the market.

Growing demand in R&D as well as medical applications and rising building & construction industry in the emerging markets are providing ample of opportunities for the market growth. By geography, Asia Pacific is expected to grow at a fastest CAGR due to wide expansion of automobile and construction sector in the emerging countries of this region.

Advanced glasses are specialized grades of glass manufactured using advanced technologies and substances, which possess specific properties such as resistance to UV rays, solar control, and security for certain end-use industries.

Increase in urbanization has fueled the development of building & construction industry, which in turn drives the growth of the global advanced glass market.

Some of the key players in Advanced Glass market include Saint-Gobain Glass, American Precision Glass Corp, Nippon Sheet Glass Co., Ltd, Atheer, Inc, Thermoseal Industries, Murata Manufacturing Co Ltd, AG Glass & Glazing Ltd, The NSG Group, CoorsTek, Inc., Vurix Corporation, AGC Group, Schott AG and Packerland Glass Products
