MAUI, HI, Nov. 27, 2019 — A staggering 56% of Americans will receive an unwanted gift over the holidays, according to data from 2018. That means around 142 million adults in the U.S. received a present that disappointed them.

Buku Fun launched on Maui in November 2019 with the goal to avoid such frustration. The company creates custom picture magnets, touting an easy-to-use platform to preserve memories and showcase images of all kinds.

"We've found a personalized present is the way to go," says Buku Fun founder Isela Longoria-Esquer. "Whether it's your cringe worthy hairdo from the '80's, an old beloved pet or a classic family photo, those memories matter not only to you, but also to your loved ones, beyond a glance in a photo album or fleeting social media post."

With a focus on recapturing memories, honoring special people and keeping quotes close at hand, the website offers ideas for gifts and space-saving magnet displays, along with tips on submitting old photos to be preserved for future generations.

The magnet-creation process is a simple one:

1. Upload photos, memes or quotes to [bukufun.com](http://bukufun.com).
2. Personalize them with text, colors, shapes, emoji and more.
