

Local home restoration company, Hoffman Weber Construction responds to COVID-19 with 'nothing' new for their clients.

Virtual home consultations and 3D modeling have been standard protocol for years.

NEW BRIGHTON, MN, UNITED STATES, March 24, 2020 /EINPresswire.com/ -- Throughout its history Hoffman Weber Construction has served their clients' exterior home restoration needs by focusing on windows, siding and roofs. Hoffman Weber Construction allows its clients the ability to use innovative technology to complete their project needs. [Virtual home consultations](#) and 3D modeling have been standard protocol for years.

Using advanced technology, customers can text the word 'House' to the number 38470 to start the process. Hoffman Weber Construction states that with the accuracy of the measurements taken they are able to provide an estimate to the homeowner in an expedited and most importantly a safe, and socially distant fashion with little or no miscommunication whatsoever.
