## PPS Film Market: Introduction

PPS Film is a semi-crystalline, high performance, and high-temperature engineering plastic that possesses exceptionally high mechanical, high-temperature properties and chemical resistance rendering it to be the alternative of the choice of metals and thermosets. Industrially, PPS is available in different forms and grades, such as compounds, fibers, filaments, films, and coatings. PPS film is generally reinforced with various reinforcing materials, especially glass fibers, in order to improve its thermal and mechanical properties. Based on the region segment, the market is analyzed across Asia-Pacific, North-America, Europe, Latin America, and Middle-East and Africa.

## PPS Film Market: Dynamics

With the rising globalization across the globe, the market is well established in the automotive and electrical industry. Based on type, the segmentation is based on silicone-based and rubber based. The silicone-based segment holds the largest share for the PPS film market because of its high tensile and high chemical properties. Also based on the application type, Paint and coatings is dominating segment for the PPS film market because of the high demand in the urbanization for the developed and developing countries. Due to the growing need for eco-friendly and low maintenance environments, the market is growing at a robust pace. Application in the electrical

and electronics and automotive industry is also a key factor contributing to the overall growth. Utilization for the manufacturing of electrical products such as coil formers, connectors, thermostat parts, etc. is projected to augment the demand for PPS.

#### PPS Film: Regional Outlook

From the geographical view, the Asia-Pacific region remains the key consumer and producer. The Asia-Pacific region is estimated to dominate across the globe and register robust growth in the coming years. Initiatives towards the lightweight and eco-friendly coatings and films which save from corrosion are rising the demand for PPS films. Furthermore, Latin America, followed by Europe, is projected to witness steady growth in the global PPS film market in the upcoming years. Owing to the growing consumer proclivity and urbanization in the developing countries, North-America, followed by the Middle East & Africa, is expected to register increased growth in the automotive industry in the coming years. The growing need for industrialization and the rising population is also expected to contribute to the growth.

#### PPS Film: Competitive Landscape

PPS film market is evolving as the scope of applications is increasing over the years. The market is consolidated in nature, with the shares distributed among the key players. The companies offer products for specific applications. With the rise in demand, the new product development, merger & acquisitions, and investment & expansion strategies are estimated to provide growth potentials in the global market during the forecast period.

#### Key Coverage of the Report

- Region and country-wise assessment from the period 2017-2027. For the study, 2017-2018 has been utilized as historical data, 2019 as the base year, and 2020-2027, has been derived as forecasts
- Regional Competitors clinical analysis
- Demand and Supply GAP Analysis
- Market share analysis of the key industry players
- Strategic recommendations for the new entrants
- Market forecasts for a minimum of 6 years of all the mentioned segments, and the regional markets
- Market Trends (Drivers, Constraints, Opportunities, Threats, Challenges, and recommendations)
- Strategic recommendations in key business segments based on the market estimations
- Competitive landscaping mapping the key common trends
- Company profiling with detailed strategies, financials, and recent developments

#### PPS Film: Segmentation

By Type (Revenue, USD Million; Volume in Kilotons, 2017–2027)

- Silicone Based
- Rubber Based

By Application Type (Revenue, USD Million; Volume in Kilotons, 2017–2027)

- Automotive
- Electrical and electronics
- Paints and Coatings
- Industrial
- Others

By Region (Revenue, USD Million; Volume in Kilotons, 2017–2027)

- North-America
- oU.S

- oCanada
- oMexico
- Asia-Pacific
- oChina
