

Utah US Navy US Navy Veterans Lung Cancer Advocate Has Endorsed the Attorneys at Karst von Oiste to Make Certain a Navy Veteran with Lung Cancer in Utah Gets Compensated-If He Had Heavy Asbestos Exposure in the Navy

SALT LAKE CITY, UTAH, USA, September 17, 2020

[/EINPresswire.com/](https://www.einpresswire.com/) -- The Utah US Navy Veterans Lung Cancer Advocate has endorsed the attorneys at the law firm of Karst von Oiste to focus in on compensation for a Navy Veteran who had asbestos exposure decades ago in the service and who now has lung cancer. The typical age of the person the Advocate is trying to identify is 65+ years old and their asbestos exposure took place on a navy ship or submarine in the 1960s or 1970s. Financial compensation for a person like this might exceed \$100,000-even if they smoked cigarettes. For direct access to the lawyers at the law firm of Karst von Oiste please call 800-714-0303 anytime. www.karstvonoiste.com

The Advocate says, "Because of the Coronavirus Navy Veterans with lung cancer probably never consider the possibility that they might qualify for compensation because they do not want to have to deal with lawyers they do not know. Fortunately for a Navy Veteran who had significant exposure to asbestos decades ago and who now has lung cancer-the compensation process is not complicated. The attorneys do most of the work-and most involvement by the Navy Veteran can be done over the phone-or remotely. If your husband or dad is over 60 years old-if he had heavy exposure to asbestos on a ship or submarine-and if he has now been diagnosed with lung cancer-please call the lawyers at the law firm of Karst von Oiste at 800-714-0303-we think you will be glad you did." www.karstvonoiste.com

The Utah US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Salt Lake City, Provo, West Jordan, Sandy Hills, Ogden, Saint George or anywhere in Utah.

<https://Utah.USNavyLungCancer.Com>

High-risk work groups for exposure to asbestos in Utah include US Navy Veterans, a civilian employee at Hill Air Force Base, a worker at one of Utah's dozen+ power plants, oil refinery workers, public utility workers, plumbers, electricians, auto mechanics, welders, insulators, machinists, or construction workers.

In most instances, a diagnosed person with mesothelioma was exposed to asbestos in the 1950's, 1960's, 1970's, or 1980's. www.karstvonoiste.com

"The Advocate has endorsed the attorneys at the law firm of Karst von Oiste to focus in on compensation for a Navy Veteran who had asbestos exposure decades ago in the navy and now has lung cancer."

Utah US Navy Veterans Lung Cancer Advocate

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. www.karstvonoiste.com/
