

Block Asset Management Crowned Best Investment Product Provider At The Wealthbriefing European Awards 2020

Block Asset Management, one of Europe's industry leaders has been crowned 'Best Investment Product Provider' at the 8th Annual WealthBriefing European Awards.

LUXEMBOURG, LUXEMBOURG, October 14, 2020 /EINPresswire.com/ -- Block Asset Management, one of Europe's industry leaders has been crowned 'Best Investment Product Provider' at the 8th Annual WealthBriefing European Awards.

Showcasing 'best of breed' providers in the global private banking, wealth management and trusted advisor communities, the awards were designed to recognise companies, teams and individuals which the prestigious panel of judges deemed to have 'demonstrated innovation and excellence during 2020'.

Commenting on the firm's triumph, Block Asset Management Founder & CEO Manuel De Luque Muntaner said: "We are delighted to have won this prestigious award. It is a great honour to be recognised by industry peers as having demonstrated innovation & excellence. The award is testament to the hard work that the team have put in over the last 3

years"; Co-Founder Kevin Ballard added "It's never easy being pioneers, there is much resistance, especially within the digital assets space, but we had complete confidence in our team, our

process and our objective. We therefore accept this award with great pride.”

ClearView Financial Media’s CEO, and Publisher of WealthBriefing, Stephen Harris, was first to extend his congratulations to all the winners. He said: “The firms who triumphed in these awards are all worthy winners, and I would like to extend my heartiest congratulations. These awards were judged solely on the basis of entrants’ submissions and their response to a number of specific questions, which had to be answered focusing on the client experience, not quantitative performance metrics. That is a unique, and I believe, compelling feature. These awards recognise the very best operators in the private client industry, with ‘independence’, ‘integrity’ and ‘genuine insight’ the watchwords of the judging process - such that the awards truly reflect excellence in wealth management.
