STAMFORD, CONNECTICUT, UNITED STATES, October 14, 2020

/EINPresswire.com/ -- [Rizing's](#) HCM line of business in Australia announced that they have achieved Recognized Expertise (REX) Accreditation from [SAP SuccessFactors](#)®. The designation, intended to help customers make informed decisions when choosing an implementation partner, acknowledges Rizing's technical knowledge and project experience as a systems integrator for Employee Central, Employee Central Payroll, Recruiting Management, Onboarding, and Talent Management.

Rizing HCM Australia is awarded SAP SuccessFactors Recognized Expertise

“

The addition of the Regional Expertise Accreditation further validates Rizing as the partner of choice for SAP SuccessFactors customers in Australia,”

Mike Ellis, President of Rizing HCM in APAC

REX, which was established by SAP to increase transparency into partner capabilities, is earned based on measurements of successful outcomes. The designation differentiates partner companies based on their specific expertise. Like Professional Certification, which is awarded on the individual consultant level, REX accreditation maintains strict requirements for consultant training, certification, and positive customer references. To apply for REX, Partners must have a minimum of three certified consultants and three satisfied customers who have gone through recent project implementations. ABC, Ausgrid,

VGA, and Investa served as customer references for Rizing.

“I am exceedingly proud of Rizing and the talent we have in our team to ensure successful outcomes for our clients,” said Mike Ellis, President of Rizing's HCM line of business in APAC. “At

Rizing, we have the largest number of individual consultants holding professional certifications in SAP SuccessFactors modules. The addition of the Recognized Expertise Accreditation further validates Rizing as the partner of choice for customers in Australia."

The SAP Partner Edge Team verifies that all criteria have been met. Once approved, partners may use the Recognized Expertise logo in their marketing and communication materials. SAP SuccessFactors® customers are also able to identify partners with this advanced accreditation in [SAP Partner Finder](#) by filtering for "SAP Recognized Expertise."

SAP® SuccessFactors is one of the largest cloud-based HCM providers in the world with over 100 million users. SAP SuccessFactors solutions are designed for all sizes of organizations anywhere in the world.
