www.vaporbrandsint.com has launched a premium [CBD](#) massage oil to introduce its new brand of healthy CBD products under the [Oasis Spectrum Brand](#).

The launch follows VAPR's acquisition of the Oasis Spectrum brand and its commitment to focus on healthy lifestyle products that enhance one's wellbeing. The product can be pre-ordered at www.oasisspectrum.com by the public or professional licensed massage therapists.

The premium Oasis Spectrum CBD Massage Oil Blend combines the knowledge of professional massage therapists and experienced cannabinoid pioneers to produce a highly effective CBD massage oil. Cannabinoid receptors exist throughout your entire body, not just in your brain. Oasis Spectrum oils start with the freshest responsibly sourced ingredients that give our blends a luxurious smooth glide therapist love and clients expect. The blend starts with a base of California grown organic cold pressed almond oil, a favorite of massage therapists for its non-greasy feel. 5% apricot oil is then added for its extraordinary health benefits and high concentration of vitamins E and C. Apricot oil shows promise as a treatment for several health conditions including some forms of psoriasis. Finally, this beautiful oil blend is infused with Premium Cannabis derived CBD from USA grown hemp.
