DENVER, COLORADO, UNITED STATES, November 18, 2020 /

EINPresswire.com/ -- The holidays are a magical time for people all over the world, but they can also be incredibly stressful. LendingTree's 2019 Holiday Spending Survey found 61% of Americans are dreading the winter holidays due to spending. It is a perfect storm of financial pressure and stagnant incomes. Often budgeting and savings have a limit and people start looking for side-hustles and additional income ideas.

"The internet is this overwhelming hodgepodge of information on side hustle ideas. So we took the most popular ideas, tested many of them and created one of the internet's most comprehensive lists on [creative ways to make money](https://walletsquirrel.com/ways-to-make-money/) in time for the holidays (<https://walletsquirrel.com/ways-to-make-money/>)" - Andrew, Founder of [Wallet Squirrel](https://walletsquirrel.com/)

This list includes over 70+ eclectic and creative ideas such as:

- Video game tournaments to make money
- Selling your old photos online
- Winning money for clever name suggestions for new companies

Side-hustles are becoming the new normal as 48% of millennials have admitted to having a side income in a 2019 Bankrate survey. They build new skills, provide flexibility with your schedule and most importantly help supplement income to fit your needs.

"We are excited to see so many people diversify their income and find new income opportunities. We've always been fascinated with the potential of side-hustles and proud to have created such an extensive list for our readers in time for this season" - Andrew, Founder of Wallet Squirrel
