

eLuma Recognized on the 2021 Inc. 5000 List of Fastest-Growing Private Companies

Company debuts on the list with a three-year revenue growth of 343 percent

LEHI, UTAH, UNITED STATES, August 17, 2021 /EINPresswire.com/ -- [eLuma](#), a leading provider of mental health and special education solutions for K-12 schools, today announced that it has ranked No. 1379 on Inc. Magazine's annual Inc. 5000 list. The company experienced a 343% revenue growth over the past three years.

The Inc. 5000 list of fastest-growing private companies represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses.

"This is a huge honor for us, and we are thrilled to be recognized for the tremendous growth we have experienced as a company," said Jeremy Glauser, eLuma's Founder and CEO. "I'm so proud of our team and the hard work they have done to grow our company into what it is today. The work we do for our students is extremely important, and I'm so excited to see the growth and the impact that we will continue to have."

eLuma connects students and educators in K-12 schools with clinicians and innovative software to support their special education and mental health programs, including mental health counseling, school psychology, and speech, occupational, and physical therapies. To-date, the company has provided over 400,000 hours of online therapy to more than 23,000 students nationwide.

According to Inc., not only have the companies on the 2021 Inc. 5000 been very competitive within their markets, but this year's list also proved especially resilient and flexible given 2020's unprecedented challenges. Among the 5,000, the average median three-year growth rate soared to 543 percent, and median revenue reached \$11.1 million. Together, those companies added more than 610,000 jobs over the past three years.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000. The top 500 companies are featured in the September issue of Inc., which will be available on newsstands on August 20.

“The 2021 Inc. 5000 list feels like one of the most important rosters of companies ever compiled,” says Scott Omelianuk, editor-in-chief of Inc. “Building one of the fastest-growing companies in America in any year is a remarkable achievement. Building one in the crisis we’ve lived through is just plain amazing. This kind of accomplishment comes with hard work, smart pivots, great leadership, and the help of a whole lot of people.”

Methodology

Companies on the 2021 Inc. 5000 are ranked according to percentage revenue growth from 2017 to 2020. To qualify, companies must have been founded and generating revenue by March 31, 2017. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2020. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2017 is \$100,000; the minimum for 2020 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to three decimal places. There was one tie on this year’s Inc. 5000. Companies on the Inc. 500 are featured in Inc.’s September issue.
