VanLonChan is an International award winning Management and Fund raising consulting services company from Vancouver Canada serving clients globally

“We are humbled by organizations such as VanLonChan Consulting Inc. who, in the face of a global pandemic, have displayed leadership, resilience and innovation, while embracing change and supporting their employees and communities in a way never seen before.”

## About the Awards

Originally launched in 1989, The International Trade Council's Go Global Awards celebrate organizations that drive the global economy through their innovations, technologies, and strategies.

The Go Global Awards follow a rigorous three-tiered review/selection process. Candidates begin the application process with a pre-screening / ranking phase. The top 20% of nominations across all categories are then cross-reviewed to ensure consistency. Finalists are then selected and move forward to the live judging event, where they present before independent members of the Go Global Awards Committee. The Awards Committee then cross-reviews the finalist presentations and the final decisions are announced at the Go Global Awards Day.

The Awards bring together hundreds of senior executives from some of the world's most innovative manufacturers, exporters, technology firms, international service providers, venture capital firms and financial institutions.

While the Go Global Awards offer the opportunity to be recognized and honored by their peers it also goes beyond winning trophies and citations. The program aims to build a community of senior executives from across the globe to support one another, share ideas, create partnerships, and build on their existing knowledge and connections
