

Brightleaf Solutions Announces Alliance with CLM Gurus

An alliance between two leaders in the industry to provide clients a seamless CLM implementation experience with perfect legacy contract data population

BROOKLINE, MASSACHUSETTS, UNITED STATES, October 28, 2021 /EINPresswire.com/ -- Brightleaf Solutions, Inc. and CLM Gurus will jointly provide their clients a seamless and comprehensive approach to their Contract Management System implementation populated with perfect metadata from their OCR'd legacy contracts.

An effective deployment of a contract management system requires proper planning, configuration, and a staged rollout of the system. A critical component to ensure adoption of the system, and increase the investment in it, is the migration of legacy contracts and their associated data into the CLM.

By providing services that encompass the wide range of requirements for a successful implementation, CLM Gurus and Brightleaf enable their clients to be confident that they are getting a customized, ready to use CLM solution.

Contract Management Systems require a very detailed implementation that is best handled by experienced implementors who are intimately familiar with the process and the systems. CLM Gurus understands the needs of the clients, customizes the solutions to attain successful rollouts to different departments within a company. Brightleaf specializes in legacy contract migration of the previously executed contracts, OCR's the documents, extracts meta data the meta-data to the clients' specifications to populate the CLM. This provides the clients a ready-to-use system by all departments.

Led by Jim O'Hare, COO and Founder of CLM Gurus. Jim brings 38 years of software services, the last 20 of which have been focused specifically in the contract management (CLM) software market for global 500 organizations. With over 400 CLM implementations and re-engineering assessments, Jim and his team bring significant experience to any engagement.

Brightleaf is a leading service provider for Legacy Contract Data Extraction and Migration. Boasting over 22 million data points extracted since its inception, Brightleaf offers a full cradle to

grave approach for data extraction from legacy contracts that no other company can.

Brightleaf CEO, Samir Bhatia said "It is a pleasure to work with Jim and his team. We have done so on many occasions in the past offering best of breed custom CLM solutions with a perfect data population. We look forward to working with them on many more projects"
