

The Advocate Recommends The Gori Law Firm for a Veteran or Person with Recently Diagnosed Lung Cancer in Ohio or Nationwide If They Had Workplace Exposure to Asbestos Before 1982-Compensation May Exceed \$100,000

COLUMBUS , OHIO, USA, December 19, 2022 /EINPresswire.com/ -- According to the Advocate, "If your husband or dad is a Veteran or person who has just been diagnosed with lung cancer in Ohio or anywhere in the nation and he had substantial exposure to asbestos while serving in the armed forces or at work before 1982 please make it a priority to call The Gori Law Firm anytime at 866-532-2106 to discuss what might turn out to be significant compensation-over \$100,000. To get compensated a person like this must be able to recall as much as possible about the specifics of how they were exposed to asbestos.

"We are the US Navy Veterans Lung Cancer Advocate and while our name might infer we only help Navy Veterans-in fact we help Veterans of the Army, Navy, Air Force, Marines, Coast Guard or civilians who had routine exposure to asbestos at work-on the job before 1982-and who now have lung cancer. Most people like this do not realize the \$30 billion dollar-asbestos trust funds were set up for them too.

"The reason we have endorsed The Gori Law Firm is simple- every year more families trust The

Gori Law Firm when dealing with a loved one's asbestos cancer diagnosis than any other firm in the nation. If the family of a person who now has lung cancer-and who had heavy asbestos exposure at work before 1982 would call The Gori Law Firm at 866-532-2106 we are certain they will be very impressed."
