The online publication's editorial team covers news and events relating to health and wellness, lifestyle, travel, and pensions, benefits and finances that are essential to the lives of older Americans.

The publication shares exclusive tips and news about how to be a part of free higher education study opportunities at prestigious universities, including Harvard, MIT and Stanford.

Studies show that retirees who are actively engaged in sports, hobbies, travel, or other pursuits enjoy a better, healthier and more fulfilling transition.

American Retiree also keeps followers up to date with recent medical findings and health studies, such as the development of a new drug that may offer hope for those suffering from Alzheimer's, a disease primarily impacting older Americans.
