

# Get Homebrewed Comics in Stores this October - Announcing Partnership with Philbo Distribution

WINSTON-SALEM, NC, UNITED STATES,  
June 19, 2025 /EINPresswire.com/ --

[Homebrewed Comics](#), a new independent comic book publisher, will be hitting the shelves of your local comic store this October. Get into the action of a superhero team whose stories are based on the roll of a dice, feel the fury of a sword-wielding bigfoot on the run, and experience

the bad decisions of a space delivery boy and his robot sidekick! The Homebrewed era kicks off this fall in comic book stores, thanks to their new distribution partner, [Philbo Distribution](#). Along with Homebrewed Comics, Philbo Distribution will be working with other publishers such as Antarctic Press, Zenescope, Crusade Fine Arts, including Shi by Billy Tucci, Counter Point Comics (Prey for the Sinner by Marat Mychaels), Wonder Duck by Get Your Medz and many more.

Homebrewed Comics was founded in early 2025 by indie creators Chris Sahloff (President/Publisher, creator of C.R.I.T.) and Drew D. Lenhart (VP/Co-Publisher, creator of Caspian Porter). Homebrewed is fueled by pure grit and the desire to bring new concepts and fresh ideas to comics and beyond. In March 2025, Dan Price from BIGFOOT KNOWS KARATE joined the fold as Director of Marketing, and Dennis Valencia joined the label with his upcoming intergalactic kaiju slugfest, The Celestial Knight. The group saw a hole in the market, and the time was perfect for jumping into stores, especially with the upcoming Philbo Distribution, which

starts circulating its catalog of comic and toy offerings in July 2025 to deliver in October. Philbo Distribution's July Catalog for October Releases will feature three of Homebrewed Comics exciting titles:

C.R.I.T. #1 by Chris Sahloff

A high-octane blend of TMNT, Guardians of the Galaxy, and Police Academy— but with more

bullets, more attitude, and a team that's always in over their heads! A group of friends turned unlikely heroes, C.R.I.T. isn't your average hero squad. When a routine job at a tech facility goes sideways, they gain powers that make them dangerous, unpredictable, and very, very valuable. Now, they protect New Orleans and learn that power comes at a price and heroism isn't as simple as wearing a cape.

Caspian Porter #1 by Drew Lenhart, Juan Fleites, and Jonathan Wetmore

Caspian is constantly plagued by his inability to judge situations. Although he's brash and formidable in the face of danger, he's only looking out for his own interests. Caspian was once a member of the United Space Force before ultimately being discharged because of insubordination. His latest position, a delivery man of the SMCI Corporation, Captain of the Assurance, proved to be another failure in his long list of jobs as he drunkenly gambled away his ship's cargo, company cargo. On the run from his boss, he encounters bold, new adventures he would never dream of.

BIGFOOT KNOWS KARATE #1 by Dan Price and Casey Allen

Get ready for some two-fisted, two-footed fury with BIGFOOT KNOWS KARATE! A gentle cryptid warrior finds his world out of balance as he becomes the hunted. Being tracked by kaiju and a mysterious agency, Bigfoot must go from an elusive lonely soul to someone surrounded by enemies tracking his every breath. Think Godzilla vs Kong meets Kill Bill with a twist of X-Files.

But wait! There's more! Beyond Fall of 2025, the Homebrewed gang has more titles on the horizon, with The Celestial Knight by Dennis Valencia, Mr. Wizard and Friends by Chris Sahloff, and Don't Kill Any Monsters by Drew Lenhart.
