Farrah doesn't just sing 'I Don't,' she owns it. The song is about giving up anything that takes you away from what's meant for you, whatever that may be. You can tell she means what she's singing.”

bold return to the spotlight with her first release of the summer “I Don't”— the first track from a wave of upcoming releases by [Scorpio Productions LLC and AngelSound Records](#).

Written by her [sister/longtime creative partner Tamara Mechael](#) and produced by Argon Volt, the track showcases Farrah's signature ethereal vocal layers floating over a moody, emotional beat. From the opening line, “I don't feel alive anymore,” to the guttural chants of “You lied,” to the devastating and poetic imagery of “Rip me up with red

stained glass,” “I Don't” blends heartbreak with clarity. Farrah's vocal delivery and genre blurring sound evoke lyrical drama, pure confidence, and raw edge.

The song pulls from Farrah and Tamara's global music journey, one that has included songwriting collaborations with top producers, charting internationally on iTunes in Greece, Bahrain, and Italy, and U.S. tour stops at the Gramercy Theatre, the Roxy, and House of Blues. Farrah has opened for Chris Brown, Big Sean, and Tory Lanez at Detroit's Little Caesars Arena, and performed at iHeartRadio's Wango Tango as an opening act for Ariana Grande, Shawn Mendes, and Marshmello alongside acts including Sabrina Carpenter and Jack & Jack. Somewhere along the way, Farrah and Tamara both found time to take online classes and graduate with honors from Purdue University Global with a Bachelor's of Science Degree in Business Administration and Information Technology with a concentration in Global Marketing Management.

In 2022, Farrah's single “Burning” hit #1 on New Music Weekly's independent charts and #21 on the Top 40 Charts, nestled right between Beyonce and Lady Gaga.

As co-founders of Scorpio Productions LLC, the team also runs AngelSound Records and Zamara

Amaris Music Publishing, which have facilitated publishing deals with Universal Music Publishing Group for top songwriters. The family-led creative empire is also behind the upcoming reality series "Knot Normal," documenting their rise in real time.

"I Don't" is just the beginning. A slate of new music from Farrah Mechael is dropping single-by-single starting June 21, 2025, backed by over a decade of groundwork, real stories, and next-level production.

"I Don't" is now available on all major streaming platforms. Listen on Spotify, Apple Music, Amazon Music, Tidal, Deezer, Anghami, YouTube Music, and more.
