

# EcoFit H2O™ Has Become The Official Wellness Water Of Contemporary Services Corporation, The Leader in Crowd Management

*Contemporary Services Corporation Wants Its Over 60,000 Employees & Clients To Benefit From Water That Delivers Much More Than Just Great Taste & Hydration*

CHARLOTTE, NC, UNITED STATES, July 24, 2025 /EINPresswire.com/ -- EcoFit Labs set a new standard in the \$230 billion functional beverage category when it introduced EcoFit H2O. Consumers love the natural fruit flavors, but it is now rapidly attracting both individuals (including professional athletes) as well as corporations such as Contemporary Services Corporation because of its additional benefits.

"Our employees work long hours providing crowd management", commented Damon Zumwalt, founder & CEO of Contemporary Services Corporation. "They need to stay hydrated and be alert given the demands placed on them when supervising events."

Since 1967 Contemporary Services Corporation has been the leader in providing effective crowd management services for professional (NFL, MLB, NHL, MLS, NBA) as well as collegian and Olympic sporting events. In addition, Contemporary Services Corporation provides crowd management for major non-sporting events including music festivals, corporate off-sites, and even at Presidential inaugurations.

"We are so honored to be named the Official Wellness Water of Contemporary Services Corporation", commented Rowland Hanson, co-founder & Chairman of EcoFit Labs.

“Contemporary Services Corporation is known for superior crowd management and their endorsement of EcoFit H2O for their employees to maximize their performance makes a statement that is already attracting other major corporations.”

As the Official Wellness Water of Contemporary Services Corporation, EcoFit will be educating their over 60,000 employees on how EcoFit H2O will keep them hydrated, alert and even healthier versus other beverages.

“While EcoFit H2O™ is the optimal choice for healthy hydration, consumers continue to buy it because they prefer the taste over soft drinks and other functional beverages” commented Tommy Jackson, co-founder & CEO of EcoFit Labs.
