

# Pevac Roku Player for Google Drive Achieves Google's CASA Tier 3 Security Status, for the second consecutive year

*Pevac Video Roku Player for Google Drive passed Google's rigorous Cloud Application Security Assessment (CASA) at Tier 3 new version 2.7.1 published to Store*

LOS ANGELES, CA, UNITED STATES, October 10, 2025 /EINPresswire.com/ -- Pevac DevOps, the team behind the popular cloud video streaming solution for Roku platforms, today announced a significant milestone: [Pevac Video for Google Drive](#) 2.7.1 has successfully published to Roku Channel Store. Previously PevacRokuPlayer passed Google's rigorous Cloud Application Security Assessment (CASA) at Tier 3. This achievement certifies Pevac Video for Google Drive as the only dedicated Roku channel providing secure and seamless streaming of personal Google Drive content (including MKV, WEBM, and MP4 files) while adhering to Google's highest security and privacy standards.

Watch Google Drive Videos on Roku

The image shows two logos side-by-side. On the left is the 'PEVAC for Google Drive video' logo, with 'PEVAC' in large black letters, 'for Google Drive' in smaller red and black text, and 'video' in colorful lowercase letters. On the right is the 'PEVAC ISCRETE VIDEO for Google Drive' logo, featuring a play button icon and the word 'ISCRETE' in large bold letters. Below the logos is a purple Roku logo with the text 'Available on the Channel Store'.

Pevac Video for Google Drive and Discrete Pevac Video Drive

Pevac Video for Google Drive is designed to transform the way users access their personal media archives, professional showcases, and large video libraries stored on Google Drive. By integrating directly with Roku devices, the application bypasses the need for complicated transfers or downloads, allowing users to stream high-quality video content directly to their TV.

"Passing the CASA Tier 3 assessment is a testament to our unwavering commitment to user privacy and data security," said Dejan Jankovic, Lead Developer of Pevac DevOps. "In an era

where data protection is paramount, our users can trust that PevacRokuPlayer provides a robust, compliant, and highly secure bridge between their Google Drive files and their home entertainment system. It solidifies our position as the premier choice for Google Drive integration on Roku.”

#### Key Features and Benefits of Pevac Video for Google Drive:

- Tier 3 CASA Certification: The highest level of Google’s security assessment, ensuring industry-leading protection and granular control over user permissions.
- Seamless Roku Integration: Allows streaming of Roku supported video formats, including MKV, WEBM, and MP4, directly from Google Drive to any Roku device.
- Advanced Playback Controls: Features like voice control, video captions support, favorites, configurable playlists (up to 5), and the ability to select folders offer a personalized viewing experience.
- Focus on Privacy: [Discrete Pevac Video Drive](#) users can play videos to parents, family and friends Roku TVs from a dedicated Pevac app folder keeping rest of your Google Drive private.
- Convenience: Users can easily link, access and watch their video content on a big screen without the hassle of transferring files.
- Centralized Storage: Videos can be stored in a single, secure location (Google Drive) and accessed from multiple devices, including Roku TVs and Roku Streaming Devices.
- Accessibility: [Google Drive on Roku](#) users can choose between two flavors. While Pevac Video for Google Drive is able to access an entire Drive content, Discrete Pevac Video Drive is designed to restrict access to a single, dedicated “Pevac” folder, ensuring the rest of the Drive content remains completely private.
- Watching personal video collections: Users can store home movies, travel videos, and other personal recordings on Google Drive and watch them on their TVs.
- Viewing shared videos: If someone shares a video via Google Drive, it can be easily viewed on a Roku device using Pevac Video for Google Drive.
- Accessing educational or training videos: Videos stored in Google Drive for educational or training purposes can be conveniently viewed in a classroom or training room setting.

Roku is known for its simple, reliable, and user-friendly platform that provides access to thousands of streaming apps, free content, and a consistent user experience across multiple TVs. Pevac Video Players for Google Drive is a secure and private way to watch your own videos on Roku platform.

Both Pevac Video for Google Drive and Discrete Pevac Video Drive are currently available for subscription exclusively through the Official Roku Channel Store with a free trial. Pevac Google Drive on Roku apps are not affiliated with or endorsed by Google.

#### About Pevac DevOps

Pevac DevOps specializes in creating high-quality, secure, and intuitive cross-platform applications that bridge cloud storage solutions with entertainment platforms. With a focus on reliability and security compliance, Pevac DevOps aims to unlock personal cloud content for

users across various devices, making complex file access easy and enjoyable.
