Global Decorative Laminates Market Is Expected to Reach $10.0 Billion by 2031

Global Decorative Laminates Market Is Expected to Reach $10.0 Billion by 2031

WILMINGTON, DE, UNITED STATES, November 10, 2025 /EINPresswire.com/ -- According to the report published by Allied Market Research, the global decorative laminates market was estimated at $7.0 billion in 2021 and is expected to hit $10.0 billion by 2031, registering a CAGR of 3.4% from 2022 to 2031. The report provides an in-depth analysis of the top investment pockets, top winning strategies, drivers & opportunities, market size & estimations, competitive scenario, and varying market trends.

Increase in the global population and rise in trend of living in nuclear families have significantly heightened the demand for residential infrastructure, which in turn has driven the growth of the global decorative laminates market. At the same time, expansion of the furniture & cabinets industry has supplemented the growth even more. Moreover, several growth prospects in the emerging economies have been beneficial for the market.

Covid-19 scenario-

Restrictions on manufacturing activities impacted the global decorative laminates market negatively, especially during the initial period.
Also, reduced furnishing and remodeling activities aggravated the market condition even more.
However, the market is expected to revive soon.
The global decorative laminates market is analyzed across product type, application, end use, and region. Based on product type, the high pressure laminates segment accounted for more than three-fourths of the total market share in 2021, and is expected to rule the roost by 2031. The low pressure laminates segment, however, would garner the fastest CAGR of 3.7% throughout the forecast period.
