

# Pre-Filled Syringes Americas – Industry leaders will meet in Iselin in March 2014

*Development, manufacture and regulation of pre-filled syringes and injector devices: presentations from Merck, Pfizer, Roche, Medimmune and others*

ISELIN, NEW JERSEY, USA, December 5, 2013 /EINPresswire.com/ -- The importance of pre-filled syringes and injection devices have never been more

“

A wise choice of location and an intelligently designed program of expert speakers promises to bring together the leading minds and influences mapping the future of the pre-filled syringes sector”

*Guy Furness, Proprietor & Publisher, ONdrugDelivery Magazine*

pertinent, especially in the US. The challenges of finding a delivery method with patient centric design that avoids leaching, requires swift and decisive decisions early in the development process to avoid unnecessary costs and delays in development.

The SMi Group announces its [Pre-Filled Syringes America](#) Conference will be taking place in Iselin, New Jersey, USA, on the 31st March – 1st April 2014, where solutions to these challenges will be offered by many of the leading names in pharmaceuticals and medical device technologies.

Event's website <http://www.smi-online.co.uk/2014pfs-usa28.asp>

Registration is now open. Over 85 delegates from the world's leading Pharmaceutical and Biotechnology businesses will meet in New Jersey to discuss the latest achievements in the pre-filled syringe marketplace, developments in drug stabilisation and material interactions.

Benefits of attending:

- 3 days of presentations, panel discussions and an [interactive workshop](#). Return to your business with the information and contacts to make the right decisions for your products
- Focus sessions on biologics, manufacturing, polymers and extractables and leachables
- [20+ expert speakers](#) from throughout the PFS and device ecosystem
- 85+ key decision makers, influencers and innovation drivers attending from the most relevant and sought after organisations in pre-filled syringes
- Network with delegates from the leading Biotechnology and Pharmaceutical businesses

globally during the series of networking breaks, lunches and networking evenings designed to help conversation flow

- Hands on exhibition to help you evaluate the leading solutions in the marketplace and meet the thought leaders who developed them

Key speakers include:

- Scott Brown, Device Development Lead, Merck
- Alexei Goraltchouk, Senior Manager, Operations, Regeneron
- Stephen Barat, Senior Director, Toxicology and Operations, Forest Laboratories
- Steven Projan, SVP, MedImmune\*
- Martin Dearden, Chief Corporate Microbiologist, UCB
- Thomas Osterberg, Senior Manager, Biologics, Pfizer Inc
- Greg Sacha, Senior Research Scientist, Baxter
- Christian Siegmund, Head of Prefilled Syringes and Liquid Vials, Roche
- Ravi S. Harapanhalli, Vice President, ParExel, and Former FDA Senior Executive and many others.
