

Transportation Consultants Ahern and Associates Contracted by One of the Country's Largest Transportation Carriers

Trucking industry experts Ahern and Associates have announced the details of an acquisition target for one of the largest trucking companies in America.

PHOENIX, AZ, UNITED STATES, February 6, 2014 /EINPresswire.com/ -- This week, Ahern & Associates have announced a new business relationship with one of the largest transportation carriers in the country. The current search for an acquisition target is a result of a fifteen year developing relationship between the consultant at Ahern and Associates and the management team at this internationally known carrier. This is the first time that they have been contracted to perform a full acquisition search following the dramatic successes that Ahern's merger and acquisition arm saw in 2013.

Ahern & Associates have reported that they will be assisting the company with expanding their operating footprint on a national level. The company is a strategic buyer that is widely recognized and well-known within the industry. Currently, the company is seeking acquisition targets in the form of transportation and trucking businesses that have \$5MM to \$150MM of annual revenue. Historically, the company has largely focused on companies that are non-asset based, whether it is intermodal, flatbed, van, or freight brokers.

This is one of the largest companies in the country that Ahern has had the pleasure of working with, and the team at Ahern & Associates looks forward to securing another successful acquisition. If you are familiar with a company that meets the requirements of this latest search you are urged to contact Ahern and Associates as soon as possible.
