

# FieldOne to Showcase Field Service Management Solution Based on Microsoft Dynamics at eXtremeCRM

*FieldOne Sky is First Field Service Software Solution for Dynamics CRM 2013*

MAHWAH, NJ, USA, February 11, 2014 /

EINPresswire.com/ -- As a leader in cloud-based field service software, FieldOne Systems today announced that the company will showcase its [FieldOne Sky](#) solution at eXtremeCRM in Barcelona, Spain, from February 9-12. eXtreme CRM brings together Microsoft Dynamics CRM partners from across the globe in a unique setting to forge business relationships and gain insight from real-world experiences.

FieldOne Sky is an agile, end-to-end software platform supporting all phases of field service management (FSM). The Sky solution incorporates state-of-the-art routing and scheduling functionality, advanced work process automation, flexible communication capabilities, and robust reporting and business intelligence features. Sky features an open architecture for simplified integration, flexible deployment options, [native apps](#) for all major mobile platforms and no-code customization driving rapid implementation and fast ROI. FieldOne leverages Microsoft Dynamics CRM 2013 to enhance Sky and provide customers with an even faster deployment experience — and simpler, yet more robust, configuration and modification capabilities.

"For the company using Dynamics CRM, we offer seamless integration capabilities and cutting-edge features for an incredibly agile and all-encompassing field service management solution," said Jim Hare, Senior Vice President of Sales and Marketing. "We welcome the opportunity to engage with customers and potential partners dedicated to introducing their clients to best-of-breed Microsoft Dynamics CRM offerings."

[FieldOne's partners](#) leverage existing infrastructure, licensing, technology, and skills to reduce investment costs and total cost of ownership and deploy a state-of-the-art system for a fraction of the cost of an alternative solution.

"We've experienced tremendous growth in customer requests for field service solutions across many industry verticals – not only the traditional service verticals but also industries as diverse

as Manufacturing, Life Sciences, and Restaurant and Entertainment," said Scott Mangelson, Armanino CRM Practice Leader. "Partnering with FieldOne, we are able to leverage our strong capabilities in solution development on Dynamics to provide a complete, integrated solution. It differentiates us and gives us a unique competitive advantage."

#### About FieldOne Systems

FieldOne Systems provides state-of-the-art software and services addressing the complex challenges customers face in managing enterprise field service organizations. Our software enables companies to provide the most customer-centric and profitable field service possible. We recognized that the disruption driven by mobility, cloud, and "big data" required a revolutionary solution to harness the capabilities of these technologies and launched FieldOne Sky - the agile platform for intelligent enterprise field service management. Sky provides the most comprehensive feature set, an open architecture for simplified integration, flexible deployment options, and on-demand configuration. These elements drive rapid implementation, maximum adaptability, and the fastest ROI in the industry. FieldOne's technology drives the success of enterprises across a wide cross-section of industries.
