/EINPresswire.com/ -- The letter that sent by the [Tamils for Trump](#) organization to the new president Donald Trump began with a congratulation: “We congratulate you, Mr. President, and wish you the best. The responsibilities and challenges of the presidency make it the biggest job in the free world.”

“It is time for every American to accept the election result and embrace Mr. Trump as president. We all need to help our president to succeed. When our president succeeds, we all will succeed as Americans,” said the Tamil spokesman.

The spokesman for [Tamils for Trump](#) continued by stating that Mr. Trump is a straight shooter who “will look into [Sri Lanka](#)’s Tamils’ dire situation and act accordingly without delay. Tamils will disappear from the island if the US government continues to let the Sri Lankan government rule the Tamils on the island.

“All illegally settled Sinhalese populations must be removed from the Tamil Homeland (northeast of Sri Lanka), and returned back to their respective native places.

“

These illegal Sinhalese must leave because they have taken control of everything in the Tamil homeland. This brings chaos and jeopardizes the Tamil culture, resulting in misery and economic suppression of the Tamil population.

The Tamil spokesman continued that “Mr. President has to do the following without any delay within six months:

1. Send all illegal Sinhalese settlers out of the Tamil homeland

2. Refer the Sri Lankan war criminals who killed over 145,000 innocent Tamils to the International Criminal Court
3. Re-establish our sovereign nation 'Tamil Eelam' through a referendum,

"1.6 million diaspora Tamils are very concerned and frustrated at what is happening in our homeland. Tamils in Sri Lanka do not have any voice. Tamils have been locked into an open prison with the Sri Lankan army.

"Also, the Tamil politicians have been corrupted with positions in the Sri Lankan parliament. These corrupt politicians do not want to give-up their perks and positions to deliver on promises made to Tamils during the election last year.

"It becomes the duty of diaspora, especially those of the US diaspora, to help our Tamil people."

During the last eight years under the Obama administration, Tamils suffered a lot. Tamils ask that President Trump to not let this continue. Their letter concluded with a reiteration of their request: "We want you to become actively involve and solve these seven decades long problem. This can be solved in a few weeks; if you Mr. President use your power that the American people gave you last November. This can be your first foreign policy success story as the newest president of the United States of America."
