PUNE, INDIA, May 24, 2017 /EINPresswire.com/ --

[Global Office Furniture Market](#)

Description

The office furniture market in India is fragmented with the unorganized sector dominating the market. The unorganized sector is reported to account for over 75% of the office furniture market and the remaining is held by the organized sector. Earlier, the market was dominated by Indian companies; however, now there are many foreign players entering the Indian market. With more innovative designs flooding the market, the demand for modular offices is increasing.

Covered in this report

The report covers the present scenario and the growth prospects of office furniture market in India for 2017-2021. To calculate the market size, the report considers the revenue generated from the retail sales of office furniture in India.
