

Warehouse Management System Market Worth USD 2.45 Billion by 2022 at a CAGR of 14%

Warehouse Management System (WMS) Market by Service Type (Software, Consulting), Application (Electronics, Transportation & Logistics, Retail) - Forecast 2022

PUNE, MAHARASHTRA, INDIA, July 4, 2017
/EINPresswire.com/ -- Market Highlights

Market Research Future published a Half Cooked Research Report on Warehouse Management System Market. The [Global Warehouse Management System Market](#) size was valued at around USD 1.15 Billion in 2015 and is expected to cross USD 2.45 Billion at CAGR of around 14% by 2022.

A Warehouse Management System (WMS) is a software application, designed to support warehouse or distribution center management and staff. WMS applications can be so complex and data intensive that they require a dedicated staff to run them. Consumers have been increasingly diverted toward online shopping owing to the vast benefits the platform presents, which increase the retail sector and have positive impact on warehouse management system market. Continuously growing end use industries are also adding to the market growth. Also, several WMS vendors started providing labor management systems which boost the demand of this market. However, lack of awareness about the benefits of the system may hamper the growth of this market. On the basis of region, Europe has both the highest market value and volume. Asia-Pacific region is expected to grow at the fastest pace during the forecast period.

Key Players in market are HighJump Software (U.S.), Oracle Corporation (U.S.), Manhattan Associates Inc. (U.S.), Tecsyst Inc. (Canada), SAP SE (Germany), JDA Software Group Inc.(U.S.), LogFire Inc.(U.S.)”
Market Research Future
