Major players in folliculitis market:

- AbbVie Inc. (US),
- Allergan (Republic of Ireland),
- AstraZeneca (UK),
- CELGENE CORPORATION (US),
- GlaxoSmithKline plc. (UK),
- Johnson & Johnson Services, Inc. (US),
- Merck & Co., Inc. (US),
- Pfizer Inc.(US),

Regional Analysis:

Considering the global scenario of the folliculitis market, there are four main regions, America, Europe, Asia Pacific, and Middle East and Africa. The Americas are the largest market, especially North America who is top revenue generator in the global market. European market is the second

largest and growing at significant rate.

America's top revenue generation in the global is mainly due to some factors like aggressive strategies by pharmaceutical companies, increasing investment for R&D as well as clinical trials. European market is the second largest market for folliculitis, whereas, Asia Pacific folliculitis market is growing at a faster pace due to increasing awareness and healthcare expenditure in this region. Middle East and Africa folliculitis market is expected to have limited growth because of lack of awareness, traditional healthcare practices and slow adoption of new products and therapies.
