

Aircraft Tire Market Is Expected To Grow At A CAGR Of 4.5% By 2022

Aircraft Tire Market Information Report by product type (radial and bias), by application (commercial and defense), and by Region - Global Forecast to 2022

PUNE, MAHARASHTRA , INDIA , August 7, 2017 /EINPresswire.com/ -- Market Highlights:

Key Players: Aviation Tires & Treads, LLC, Bridgestone Corporation, Compagnie Générale Des Établissements Michelin Sca”

Market Research Future

Aircraft tires are generally used in the performance of the aircraft. They are produced with different kind of materials such as steel, nylon cord, artificial and natural rubber and others. The strength of the tire is provided by casing plies. These are layer of fabric cord which are coated with hi-modulus rubber on both the side. There are different aircraft tire manufacturers who provides tire to civil and military segments so as to serve air force and naval force. The major factors which are responsible for the growth of aircraft tires market are increasing demand of aircraft, increase safety,

frequent replacement of tires, demand for advance and new airlines and rise in traffic due to increasing passenger. Due to network expansion and fuel efficient aircraft, there is an increasing demand for aircraft.

Asia-Pacific region is expected to witness the highest growth during the forecasted period due to increasing demand of commercial airlines in these region and increasing government spending for infrastructure development, liberalization and GDP growth. The rising air traffic in Asia-Pacific results in the growth of these region. Various critical factors which has resulted in the growth of these region are adopting wide-bodied aircrafts, rising passenger traffic, growing demand for aircraft that are fuel efficient.

Key Players of [Aircraft Tire Market](#):

- Aviation Tires & Treads LLC
- Bridgestone Corporation
- Compagnie Générale Des Établissements Michelin Sca
- Desser Tire & Rubber Co. LLC
- Dunlop Aircraft Tyres Ltd.
- Goodyear Tire & Rubber Co.
- Petlas Tire Corporation
- Qingdao Sentury Tire Co., Ltd.
- Specialty Tires of America
- Wilkerson Company, Inc. (Wco)

Market Research Analysis:

The market is highly based on application. Commercial segment based on application has dominated the aircraft tires market because of the requirement from the commercial aircraft manufacturer to

improve the operation of the aircraft efficiency. This can be done by overall reducing the weight of the tires. There is the need for more aircraft in the commercial sector due to rise in air traffic and increasing need for connectivity among destination.

The factors that are contributing towards the growth of aircraft tires market are increasing demand of aircraft, increase safety, frequent replacement of tires, demand for advance and new airlines and rise in traffic due to increasing passenger.

Scope of the Report:

This study provides an overview of the global aircraft tires market, tracking three market segments across four geographic regions. The report studies key players, providing a five-year annual trend analysis that highlights market size, volume and share for North America, Europe, Asia Pacific (APAC) and Rest of the World (ROW). The report also provides a forecast, focusing on the market opportunities for the next five years for each region. The scope of the study segments the global aircraft tires market by its product type, application and region.

By Product Type

- Radial
- Bias

By Application

- Commercial
- Defense

By Region

- North America
- Europe
- Asia-Pacific
- ROW

Brief TOC for Aircraft Tire Market:

- 1 Executive Summary
- 2 Research Methodology
 - 2.1 Scope of the Study
 - 2.1.1 Definition
 - 2.1.2 Research Objective
 - 2.1.3 Assumptions
 - 2.1.4 Limitations
 - 2.2 Research Process
 - 2.2.1 Primary Research
 - 2.2.2 Secondary Research
 - 2.3 Market size Estimation
 - 2.4 Forecast Model
- 3 Market Dynamics
 - 3.1 Market Drivers
 - 3.2 Market Inhibitors
 - 3.3 Supply/Value Chain Analysis
 - 3.4 Porter's Five Forces Analysis
- 4 Global Aircraft Tire Market, By Product Type
 - 4.1 Radial
 - 4.2 Bias
- 5 Global Aircraft Tire Market, By Application
 - 5.1 Introduction

5.2 Commercial

5.3 Defense

Intended Audience:

- Aircraft tire manufacturers
- Distributer & Supplier companies
- End Users
- Consultants and Investment bankers
- Government as well as Independent Regulatory Authorities

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
