

InSite Solutions LLC has Experts to Help your Business become Visually Organized

InSite Solutions expands national sales team.

WAKE FOREST, NC, USA, September 13, 2017 /EINPresswire.com/ -- InSite Solutions, LLC (dba Stop-painting.com) announces the addition of its newest national sales team member, Von Virgin.

Von, a native of Kentucky, will work out of a home-base office in Richmond, Ky., and serve clients in Kentucky, Tennessee, West Virginia and Mississippi. He is a seasoned sales consultant to industrial facilities and will be working hard to bring Stop-Painting visual cue solutions and products to businesses in this new territory. Von is knowledgeable about visual cues and Lean and 5S practices in industrial settings. He has great ideas on how to help companies become more efficient and offer safer work environments for employees.

InSite Solutions' national sales team provides their expertise and product solutions to staff and management at plants, warehouses and distribution centers that are striving for better visual organization. They are able to travel to a site and offer a one-on-one consultation. InSite Solutions' national sales team has the solutions businesses need to increase safety and productivity. The company designs and manufactures an extensive lineup of products, including our flagship Superior Mark® Floor Tape and Carpet Tape, repeating message floor tape, pre-cut kits, safety signs and custom adhesive signs.

Superior Mark® Floor Tape, Floor Signs and Labels have a patented design featuring beveled edges and a recessed adhesive that offers quick installation, easy maintenance and maximum strength, while holding up under the heaviest industrial traffic.

InSite Solutions (dba Stop-painting.com) is a leading manufacturer of indoor and outdoor marking tapes and signs. These products are alternatives to painting concrete floors and pavement, and offer a maintenance friendly solution that is both easy to install and remove. Superior Mark® Floor Tape is used for marking work cells, pallets, machinery boundaries, AGV pathways, arc flash areas, aisles, exits, equipment locations and much more. It can be easily removed in one piece, making it helpful for Lean and 5S initiatives that require flexibility to change floor layouts.

InSite Solutions was founded in 2001 by Cliff Lowe, who is the current managing director. Headquartered in Wake Forest, N.C., InSite Solutions offers thousands of traffic control & industrial safety supplies on its ecommerce website, <http://stop-painting.com>.

If your business would like to schedule a consultation with one of InSite Solutions' national sales team consultants, contact Al Barker at 513-616-1878 or al@stop-painting.com.
