

West Virginia Mesothelioma Victims Center Now Urges Diagnosed Person in West Virginia to Call Them for Very Honest Advice about Hiring the Best Lawyers to Get a Much Better Compensation

NEW YORK, NEW YORK, USA, October 6, 2017 /EINPresswire.com/ -- The West Virginia Mesothelioma Victims Center is now urging a diagnosed person with mesothelioma anywhere in West Virginia or their family to call them anytime at 800-714-0303 for very honest advice about how vital it is to hire one of the nation's premier mesothelioma attorneys as opposed to a local personal injury lawyer. The Center is convinced the majority of people diagnosed with mesothelioma in the United States get financially shortchanged because they did not hire the nation's most skilled, experienced and capable mesothelioma attorneys.

The West Virginia Mesothelioma Victims Center says, "What most people in West Virginia with mesothelioma or their family members do not realize is the nation's top mesothelioma attorneys will want to talk with them and they will provide sound guidance with respect to what a potential compensation claim could be worth. Typically, we are talking about the managing partner or senior partner of one of the nation's premier mesothelioma law firms.

"Our number one goal is to see to it that a person who has been diagnosed with mesothelioma in West Virginia or their family members hire one of the nation's top mesothelioma lawyers-because experience and skill on the part of the mesothelioma attorney matters when it comes to a financial compensation settlement for this rare cancer caused by asbestos exposure.

"Before a diagnosed person with mesothelioma in West Virginia or their family hires an attorney to

work on a compensation claim please call us at 800-714-0303 to ensure they are talking to some of the best of the best mesothelioma attorneys in the United States.”

The average age for a diagnosed victim of mesothelioma is 72 years old. Frequently victims of mesothelioma are initially misdiagnosed with pneumonia. This year between 2500, and 3000 US citizens will be diagnosed with mesothelioma. Mesothelioma is attributable to exposure to asbestos.

The states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon.

High risk work groups for exposure to asbestos in West Virginia include US Navy Veterans, power plant workers, shipyard workers, oil refinery workers, steel mill workers, coal miners, manufacturing, or industrial workers, plumbers, electricians, auto mechanics, machinists, miners, or construction workers. Typically the exposure to asbestos occurred in the 1950’s, 1960’s, 1970’s, or

1980's. <http://WestVirginia.MesotheliomaVictimsCenter.Com>
